What part(s) of the course did you like most?

Setup of a system from scratch. System mapping on various supports (flash, sd-card) : it is not black magic for me anymore! real practice with the hardware

What part(s) of the course did you like least?

Real Time as I have very few needs in this topic. RT linux (maybe). hotplugging should be added after building the system with buildroot. (how to use mdev).
