## Summary

How did the course meet your learning objectives?

1	0	0%
2	0	0%
3	0	0%
4	3	43%
5	4	57%

### Comments and suggestions

Cover all subject i need , but some synchronization point concerning on going lab could help to make the connexion between the course and lab.

How was the duration of the course?

1	0	0%
2	2	29%
3	4	57%
4	1	14%
5	0	0%

### Comments and suggestions

I think lab hours should have separate time.

How useful was the lecture document?

1	0	0%
2	0	0%
3	0	0%
4	2	29%
5	5	71%

Comments and suggestions

How much value did the instructor add to lecture materials?

1	0	0%
2	0	0%
3	0	0%
4	2	29%
5	5	71%

Suggestions and comments

No responses yet for this question.

Was the instructor helpful with practical labs?

1	0	0%
2	0	0%
3	0	0%
4	1	14%
5	6	86%

Comments and suggestions

yes , just need to make a sync point perhaps to keep on the same track the whole group.

How useful were the training labs?

1	0	0%
2	0	0%
3	0	0%
4	3	43%
5	4	57%

Comments and suggestions

Send an email at the end of the course with a digitized version (or a link to it) of the solutions and of the linux sources we were using would be great ! One note: the directory in which we made all our developments was not under SCM. Should be good to instruct the users to do so.

How difficult were the training labs?

1	0	0%
2	1	14%
3	3	43%
4	3	43%
5	0	0%

Comments and suggestions

Good, it has to be a little bit difficult otherwise we don't learn anything.

Was enough time dedicated to practical labs?

1	1	14%
2	2	29%
3	3	43%
4	1	14%
5	0	0%

Comments and suggestions

Good compromise, there is never enough time for pratical labs.

How do you rate training conditions (room size, equipment, environment)?

1	0	0%
2	0	0%
3	1	14%
4	2	29%
5	4	57%

### Comments and suggestions

too warm.

### How do you rate the training equipment (mainly computers)?

1	0	0%
2	0	0%
3	0	0%
4	1	14%
5	6	86%

### Comments and suggestions

No responses yet for this question.

### How well was the course organized (program, registration, schedule...)?

1	0	0%
2	0	0%
3	0	0%
4	2	29%
5	5	71%

### Comments and suggestions

Highlight the fact that if no room is available on systems like booking.com in the hotel, one should contact the Hotel to get a room for the whole week. Worked very well.

### How much did you learn?

1	0	0%
2	0	0%
3	1	14%
4	4	57%
5	2	29%

### Comments and suggestions

i think i miss some practical/theorical relation ship due to the missing lab synchro points.

### How useful should this course be in your daily job?

1	0	0%
2	0	0%
3	1	14%
4	3	43%
5	3	43%

### Comments and suggestions

Not related to the course though

the time was to much from 9 to 6 I think it's better if was between 8 to 4

I would appreciate some more sync points concerning labs to get the maximum understanding concerning the theory ( fct calls, virtual device<-> physical device) did not get time to get the time to see the fop fuction which are linked to the virtual/phisical device driver

### What part(s) of the course did you like most?

All.

Labs and the dedication to build a platform.

What part(s) of the course did you like least?

None, sorry for the useless input ;-)

Overall rating

1	0	0%
2	0	0%
3	0	0%
4	0	0%
5	1	14%
6	3	43%
7	3	43%

Comments and suggestions

C programming skills are very essential

An extra session?

1	0	0%
2	0	0%
3	2	29%
4	1	14%

Comments

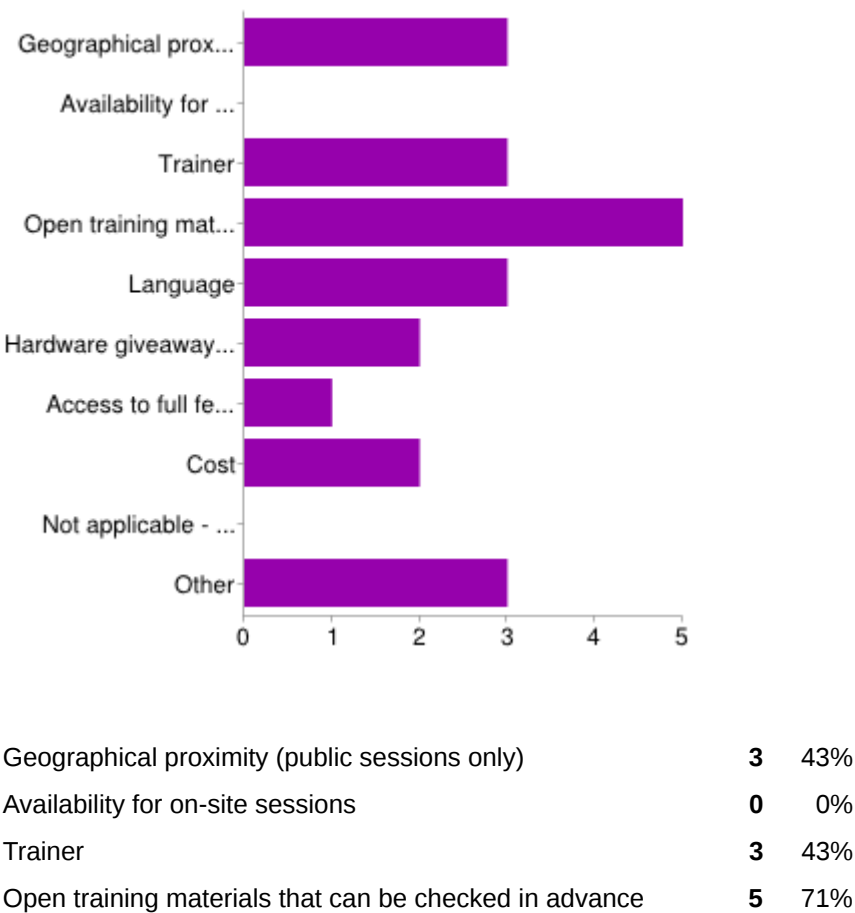

network device drivers  
Yocto and Android  
Optimizing boot times, Security especially for network devices, How to manage the Kernel sources for embedded devices that will live long on the market,  
full basic driver from physical / virtual / fops implementation ( perhaps cover in futher

labs i did not get time to do i will do home work base on solutions ;-)

How far do you come from?

What prompted you to choose Free Electrons?

Language	3	43%
Hardware giveaway (public sessions only)	2	29%
Access to full feedback from participants to previous sessions	1	14%
Cost	2	29%
Not applicable - My management made the decision	0	0%
Other	3	43%

### How did you first learn about Free Electrons?

Course recommended by previous participants	0	0%
Internet search engines	1	14%
Technical resources on the Free Electrons website	3	43%
Presentations in conferences	0	0%
Free Electrons chosen by my management	1	14%
Other	2	29%

### Interested in other types of embedded Linux / Android engineering services?

Board Support Package development: make Linux / Android support your new hardware	4	57%
Boot time reduction	2	29%
Power management	1	14%
Real-time: implementation and bug fixing	2	29%
Build environment deployment and support	1	14%
Root filesystem design and development	2	29%
Technical support	3	43%
Investigating and fixing bugs	0	0%
Consulting in technology selection and methodology	1	14%
On-site development, support and consulting services	1	14%
Not interested	2	29%
