Comments and suggestions

We had problems due to company network restrictions but with a normal internet connection would be fine downloading all Yocto packages

Some times, download and compiling process take time that could be used to advance in the theoric explanations.

Comments and suggestions

We are migrating to Yocto Project Linux generation instead of manual

What part(s) of the course did you like most?

Recipes and practical labs

What part(s) of the course did you like least?

Yocto downloading packages time

I should have added more labs on the kernel / bootloader patching side and probably on the package server creation.
