

# Bootlin training course evaluation

4 responses

## How did the course meet your learning objectives?

4 responses

## Comments and suggestions

2 responses

Having a look to Yocto Project without training led us to require a training to that topic. The training feeds perfectly our need.

Discovered Yocto, how it works and how to use it and its application fields

## How was the duration of the course?

4 responses

## Comments and suggestions

1 response

Was intense but worth it

## How useful were the training materials?

4 responses

## Comments and suggestions

### How important are printed materials?

4 responses

### Please tell us why you need or don't need paper printed materials

2 responses

- It is easier to follow the training with the paper printed materials.
- Usefull to keep track of the presentation, take notes and save useful info

### How knowledgeable was the instructor?

4 responses

## Comments and suggestions

1 response

Gave examples, contexts, tips & tricks and helped us find what was relevant for our use of Yocto

## How much value did the instructor add to lecture materials?

4 responses

## Suggestions and comments

0 responses

No responses yet for this question.

### How useful were the training labs?

4 responses

## Comments and suggestions

1 response

Crucials for understanding where to find stuff and what to do

## How difficult were the training labs?

4 responses

## Comments and suggestions

1 response

Well guided

## Was enough time dedicated to practical labs?

4 responses

## Comments and suggestions

1 response

Maybe another lab for the last day could have been great

## How well was the course organized (program, registration, schedule...)?

4 responses

## Comments and suggestions

1 response

That's nice but for me but it'll be better to start with the labs and add the informations after. It's just my opinion

## How much did you learn?

4 responses

## Comments and suggestions

1 response

I was new to Linux and learned a lot of useful commands

## How useful should this course be in your daily job?

4 responses

## Comments and suggestions
