How useful were the practical demos?

3 responses

Comments and suggestions

1 response

Demos are indeed useful to see the theory in action, which is very interesting, but it is a bit hard to follow them for a good understanding of the whole concepts and steps explained.

Was enough time dedicated to practical demos?

3 responses

Comments and suggestions

1 response

It was fair enough, even if we could have use a bit more time so to slow down them a bit.

How well was the course organized (program, registration, schedule...)?

How useful should this course be in your daily job?

3 responses

Comments and suggestions

0 responses

No responses yet for this question.

What part(s) of the course did you like most?

2 responses

The practical parts

The basics more than the advanced stuff; the demos; Q&A sessions.

What part(s) of the course did you like least?

1 response

sometimes the lecture/talks are prolonged, a better approach would be to finish a subtopic and do a lab session immediately

Overall rating
