In the current pandemic times, It were great, but it would be a lot better to be able to do it in person on actual hardware. But in the current situation the trainer done everything possible to walk us through them.

How would you rate the overall organization of the course?

I would improve a bit the invitation e-mail to have a bit of a better formatting, maybe bold in the place where is the link for the training platform (in corporation we are very much accoustumed to having all the meetings in outlook, this one is outside so a bit more clear or highlighted info would help a bit).

How would you rate the trainer?

I've really enjoyed the training and get valuable knowledge about Yocto/Bitbake.

Thank you once again for a great training.

Further training needs?
