Thomas is an expert in Linux systems and he has the capability to communicate his knowledge in an understandable way.

very motivated trainer. He had a lot of knowledge about Linux and delivered the information very good and in a clear way.

### How did the course meet your learning objectives?

### What part(s) of the course did you like most?

3 responses

I learned several things from the course. The trainer knew the content very well

The buildroot part, which is the closest to what we'll do in real situation

The combination theory/practical labs

### What part(s) of the course did you like least?

2 responses

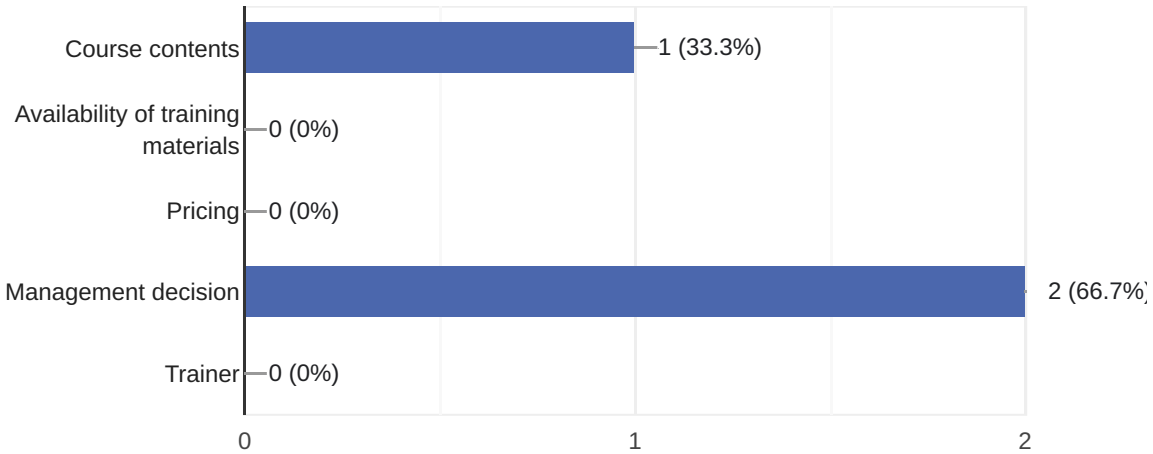

Some of the labs were pretty basic.
