Paul was an excellent presenter and had a great knowledge of the subject matter.

Good English, clear and concise

How did the course meet your learning objectives?

First two half days was a bit boring for me with my degree. I was hoping quite more on the Linux + "embedded" side with more practical or embedded experience-based examples. I would have appreciate to have the vc4 driver walkthrough.

What part(s) of the course did you like most?

3 responses

The last two sessions, getting into the driver and userspace aspects of the graphics stack.

waylajd

DRM part, quite exhaustive and will good example of how to use the new sub system. Maybe the vc4.

## What part(s) of the course did you like least?

Further training needs?

1 response

Multimedia version of this course would be very useful (i.e. v4l2/gstreamer etc.).
