It's of course tricky when it is an online course. But more discussions with involvement from the class would make it even better.

For me pace was a little too intense

How would you rate the trainer?

8 responses

Comments and suggestions

3 responses

Obviosly very expereinced and knowledgeable. Good at explaining things.

Luca was very knowledgeable and made the sessions very interactive

The trainer was very knowledgeable and helpful

How did the course meet your learning objectives?

8 responses

Comments and suggestions

2 responses

to fully get objectives, it needs, at least, for me, a lot more work.

Again, personally I'm more interested in kernel part of the course

What part(s) of the course did you like most?

5 responses

eBPF and kernel debugging

The real time debugging during the lab sessions

Demo and lab

the kernel one

The real time problem analysis

What part(s) of the course did you like least?

2 responses

The course was well structured and informative

The course was concise and pretty useful overall. I found everything worthwhile.

What reasons prompted you to choose a Bootlin course?

8 responses

Reason	Count
Course contents	6 (75%)
Availability of training ma…	5 (62.5%)
Pricing	1 (12.5%)
Management decision	2 (25%)
Trainer	1 (12.5%)
Good ratings	1 (12.5%)
I wanted to improve my k…	1 (12.5%)
