It is a bit fast and we have no hardware to practice

I would suggest to demo each tool straight after the presentation instead of keeping the demo at the end of the day.

How would you rate the overall organization of the course?

A lot of information but not enough details from the slides

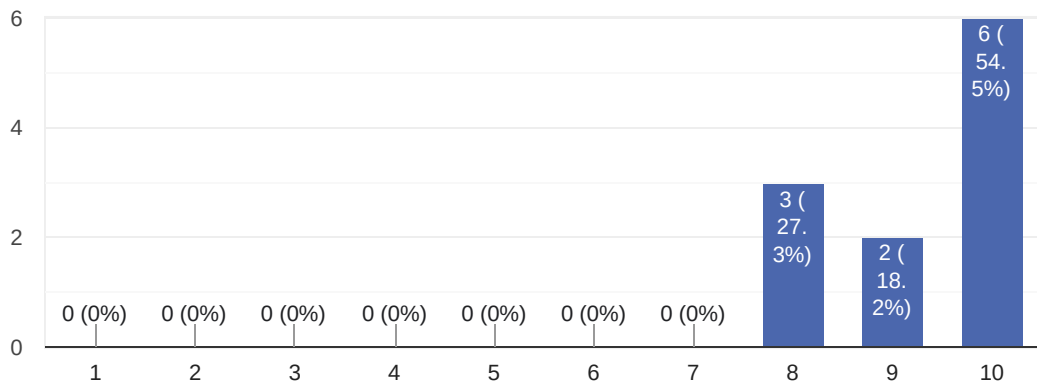

As Bootlin is involving in Confidential customer information hidden platform development, it would be good to have the setup on those platforms so that we can do the labs.

How would you rate the trainer?
